VIEW OF BUIST'S ROSEDALE SEED FARM.

Dear Sir:—

PHILADELPHIA, June 1, 1897.

I have the pleasure of mailing you my WHOLESALE TRADE CATALOGUE of the NEW CROP of TURNIP and RUTA BAGA SEEDS, and also other varieties for SUMMER and AUTUMN SOWING. The selling season is rapidly approaching, and to secure your seeds in time your order should be sent in at once.

We have had very favorable weather for the growth of Turnip Seed this season; frequent rains since the roots were planted out, has produced a strong growth and so far there is every appearance of proving a satisfactory crop; the only scarcity will possibly be the Southern Seven Top which was greatly damaged from excessive cold weather when in full bloom. We do the largest shipping trade of Turnip Seed in this Country, which we could not secure or control unless our growth of Seed proved satisfactory. It is well known that over half the Seed sent out by the trade is imported and not American Grown, which in this country produces all leaves and but seldom forms Turnips.

We have already booked a large number of orders and should recommend our customers not to overlook the importance of ordering at once.

BUIST'S TURNIP SEEDS are FAMOUS THROUGHOUT the SOUTH and WEST for their great PURITY and FINE QUALITY; always certain to grow and produce roots of the finest strain; this is owing to the careful selection we annually make of the LARGEST and FINEST FORMED ROOTS to produce the seed from which our crops are grown. BUIST'S GROWTH will not only give your customers perfect satisfaction, but annually increase your TURNIP SEED trade.

Your valued orders shall receive our personal attention.

Yours truly,

Robert Buist Company

We sell 300 lbs. and over of Assorted Varieties at 17c. per lb.

We do not handle the Cheap Imported Seed, as in this country, and especially in the South, it produces a strong growth of foliage, and but seldom forms any Turnips.

TERMS OF SALE.—Four months' credit—cash discount five per cent. if paid within ten days. Accounts are subject to draft when due.

The New Crop will be ready last of June; but should you desire your order filled, in whole or in part, previous to that time, we can ship you last season's crop, which will grow equally as well as new. In ordering, please advise when you wish your shipment made.

BARRELS, SACKS AND BOXES ARE CHARGED AT COST.

Our Quotations are Exclusively for the Trade.

The most Salable Brand.

The most Reliable Growth.

**BUIST'S · PRIZE · MEDAL
TURNIP SEEDS.**

We are the most extensive growers of Turnip Seed in this country, and produce our Crops exclusively from **Selected and Transplanted Roots**, this improved method of selection and culture has made Buist's Turnip Seeds celebrated in every market for their great **Purity** and fine **Quality**.

Order your supply put up in our Sealed Cartoons of $\frac{1}{4}$, $\frac{1}{2}$, and 1 lb. packages as it is more salable in that form, and a great safeguard against errors in selling.

BEANS, CROP 1896.

Orders for shipments prior to November 1st, will be Crop 1896, and at the following prices, as this years crop will not be ready until after that date.

The market is still flooded with Beans of '95 crop, which will be sold by many Cheap Seed houses as new crop, as long as they last (whether they grow or not). Such competition keeps choice stocks of '96 and '97 still very low in prices.

NOTICE.—The Buist's Morning Star Pea which we introduced a few years since the earliest and most productive variety known, and regarded by Market Gardeners as their best and most profitable shipping variety. We recommend them to those who wish a Gilt-Edge Stock of Extra Earlies for their trade. There are more of them sold than any other brand. For protection to ourselves and to insure the purchaser true stock, we sell them only in our Sealed Packages and lead sealed Sacks. The latter are of green muslin and contain $\frac{1}{8}$, $\frac{1}{4}$, $\frac{1}{2}$, or one bushel each. Buist's Morning Star offered in any other way is spurious stock. COLLARDS.

WE MAKE the growing of Collard Seed a specialty, and annually sell more seed than any other house in the trade. It is acknowledged that we have the best heading White Stem Cabbage Collards known in the South. The great importance of securing a fine strain is well known by every Southern merchant, as it is one of their most important crops. The cheap Seed offered by the trade is imported from England and is more of a Kale or Wild Cabbage than Collards, and causes great dissatisfaction.

BUIST'S CHOICE CABBAGE SEED,

For Summer and Autumn Sowing
IN THE
Southern States.

There is no variety of vegetable in which there is so much deception and so much spurious seed sold as Cabbage; to select choice heads for seed which are formed the first year, and then run the chance of their Wintering without damage, and continue to cultivate for another season before the seed is ready for harvesting, is a very expensive operation, and no choice seed can be produced in any other way. The cheap seed offered in the trade is of no value to the gardener, as it will never head. One might as well burn his money as to invest in it.

IT is a well known fact in the trade that Buist's growth of Cabbage Seed gives greater satisfaction and heads with greater certainty in the South than any other; the reason of this is that we grow all our seed from selected heads, giving their selection and cultivation personal attention. We specially recommend the following varieties for Summer and Autumn Sowing in the South.

BUIST'S CELEBRATED CABBAGE SEED,

Awarded 22 First Premiums in a Single Season,

THE FINEST AND MOST RELIABLE STOCK KNOWN.

We have made the cultivation and improvement of Cabbage a specialty for a number of years, by selecting each year the largest and most perfectly formed heads for our own seed stock. This repeated selection extending over a period of more than twenty-five successive years, has produced what is considered by experienced cabbage-growers as the finest strain of late Cabbage in the world. In order to distinguish it from our other brands, it is marked "Buist's Improved," and is beautifully put up in illustrated papers, also in $\frac{1}{4}$, $\frac{1}{2}$ and 1 lb. packages.

The great popularity of this brand has caused some houses to put up and sell the ordinary stock of Cabbage under the name of the Improved, which, of course, is an entirely different and cheaper grade of seed, and the same stock as we offer under the name of Premium.
